# Results Using The New Rich Report

I wanted to do a quick post here to provide some useful information for some of you that may be looking for a tool to promote any business. I have to tell you [The New Rich Report](#) is that tool or system. I am really impressed on it's simplicity of it all, and the step by step duplication model if followed works very well.

I joined The New Rich Report on July 28th. The first thing I did was read the New Rich Report to understand how it works.

I then began with the Quick Start Setup Guide and went through and set up my Global Domains International (GDI) up as my Funded Proposal. I also joined [GVO](#) which is right now in Pre-Launch and is super exciting. Mid-September is launch time and I can't wait to get to use some of these top notch internet tools.

With your [GVO](#) membership you also get:

- Personalized Autoresponder System that rivals Aweber and GetResponse
- Online Virtual Conferencing (10 Seats)
- Online Video Hosting and Video Producer
- Website Downtime Monitoring
- Unlimited Hosted Domain Names
- 15000 Megs of Web Space and 200000 Megs of Bandwidth (that's alot!)
- Unlimited MySQL databases
- Unlimited Sub-Domains

Now this is all the internet tools that any internet marketer or network marketer need to [promote any business](#). Plus you tie this into the duplication model of The New Rich Report it is truly a awesome package. The New Rich Report will have all your ad copy uploaded for you for GDI, GVO, [Your Primary Business](#) and Clickbank. And you can customize it however you would like.

So you ask what kind of duplication are you seeing using The New Rich Report? Much of my advertising has been to people already in GDI. But since I began promoting it I have signed up into The New Rich Report 187 people. I have had 14 people signup into GDI which is 7 percent. In GVO I have had 29 direct referral's which is 15.5 percent which I am extremely happy with. I have not really had a Primary Business listed in my New Rich Report I have been showing my members places where I promote The New Rich Report at.

**Total at level 1:** 2 downlines.  
**Total at level 2:** 4 downlines.  
**Total at level 3:** 8 downlines.  
**Total at level 4:** 14 downlines.  
**Total at level 5:** 20 downlines.  
**Total at level 6:** 12 downlines.  
**Total at level 7:** 16 downlines.  
**Total at level 8:** 32 downlines.  
**Total at level 9:** 63 downlines.  
**Total at level 10:** 76 downlines.

Of my 29 referrals into GVO we have our matrix filling up quite well.

GVO has a excellent compensation plan and it is set up as a 2x10 hybrid matrix. So completely full it can have 2048 members in it which you will make 5% residual income from every month. This can earn you \$4,600, even if you never refer a single person. That's right NOBODY!

**4 Incredible Ways to Get Paid**

- 1 QUICK START BONUS** PAYING **50%** COMMISSIONS
- 2 BINARY HYBRID MATRIX** PAYING **75%** COMMISSIONS
- 3 BONUS POOLS** PAYING **10%** ON TOTAL MONTHLY REVENUE
- 4 PRIVATE LABELED RESELLER HOSTING** PAYING **100%**

GVO

But it gets even better because you will also get a matching check bonus of 20% on your personal referrals down 10 levels! It's like a second tier... So you do want to refer some people down into the matrix.

So let's say you have 4 referrals all making around \$5000 a month. You would get your regular commission check of \$4,600 plus an additional \$4000 a month in referral bonuses!

They also offer you a re-entry position for every 14 Titanium members in your downline you will earn a profit position that you can actually bank.

*Why would you want that?*

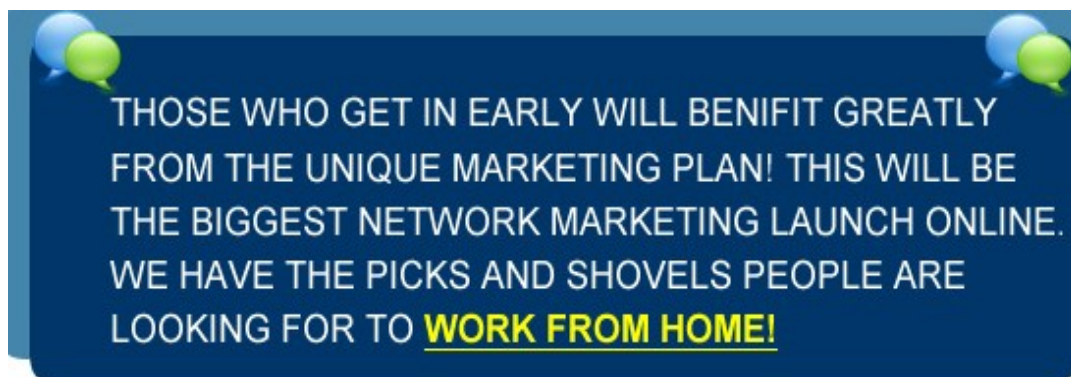

Let's say you find a new "Heavy Hitter" you can let them know that if they join the program, you will join right under them to help them build their business!

You can cycle your re-entry as many times as you like! You can sign up directly under your new member (because you know he's a big hitter) and start a new matrix and benefiting from your new heavy hitter promotions.

This is one of the best Forced Matrix compensation plans I have seen. This system is designed for any internet or network marketer for them to use these tools to promote their primary business. Best of all you use The New Rich Report system you just added a awesome duplication model plus multiple income streams. What is not to like about that?

Take the time today and join my [New Rich Report](#) Team and get started with GDI, GVO and add your Primary Business to the system. Follow the step by step duplication model and watch your membership grow.
