Rotation Compensation Plan using Pay Forward Strategy

they too will pay for new affiliates within a month. You also all agree to continue paying these membership fees until the affiliates make enough profit to cover their own membership fees.

STEP 2

Your Pay Forward affiliates start paying for their Pay Forward affiliates.

STEP 3

You stop paying for your Pay Forward affiliates because the total profit you have earned not only pays you back for their membership fees it also covers your own membership with money to spare. Your affiliates stop when the same happens to them. See the chart below.

NOTE: the profits stated on the chart below are only for Pay Forward affiliates and do not include additional profits you will make from other affiliates including those from Spillover.
