# **Affiliate Blogging Suggestions: Turn Your Keywords Into Inbound Links Automatically**

This article is for bloggers who wish to immediately turn their key terms into affiliate hyperlinks, but do not know how. Just before we get into the nitty-gritty, let me ask you some thing...

Did you ever wanted to edit your old posts and consist of back links to a new affiliate item you've signed-up for just to discover it takes too a lot time, hard work and vitality?

Guess what! It happened to me yesterday morning though I tried to update 10 posts I published within the past. It took me 27 minutes to edit just the four posts; I couldn't wait for yet another half hour to finish everything. Think about what would happen if I had 20, 50 or even 100 posts that necessary updating, I would have likely spent a full day carrying out just that.

Time is a big concern for me, so I was actively looking for a solution to save me not only time, but also effort, vitality and frustration... To make a prolonged story short, I've stumbled upon a WordPress plugin you might have already heard of - it is referred to as [Maxblogpress Ninja Affiliate](#) and I couldn't imagine how I lived without it for that long!

Let me share with you a couple of key attributes about it:

Initial of all, its core basis is the option to automatically convert any keyword inside your website to an marketer online link promptly. It is possible to now update any keyword on your weblog with the affiliate hyperlink of your choice, on all posts, in a split second!

Secondly, it facilitates you produce professional redirect links - rather than promoting a long, ugly url, you're actually able to setup a shorter website link, in your own domain name which re-directs to whatever url you want to contain.

There are only two type of internet marketers - the Ninja Affiliates, and everybody else. It's no secret that 95% of all bloggers available make pennies from affiliate marketer marketing, while a choose handful of who are privileged sufficient to be within the "inner circle" make thousands of dollars effortlessly...

Ninja Affiliate is WordPress plugin developed to imbue lethal marketing powers [\\_cheap](#) into your WordPress blog and quickly double or triple your affiliate marketing commissions with nearly no effort on your element. Using Ninja Affiliate, you'll be able to instantly convert any keyword with your website to an internet link instantly. You are able to also cloak your marketer online links, track them and manage them appropriate from your WordPress text editor.

As well as the most exciting aspect is that it also aids you fight affiliate commission theft. Yes, those online pirates who'd do anything just to steal your commissions and disappear inside night.

With Maxblogpress Ninja Affiliate you're 100% protected.

I think [Maxblogpress Ninja Affiliate](#) is a tool for just about every internet who wants to save time and income for real. So it's inside your ideal interest to put your hands on this tool nowadays; each second counts!
