A \$10 business opportunity that can make you some great residual income. I just emailed my team today to see who was interested to make some more money in GDI.

My responses are coming in now. My front 5 team members are in place so I will be helping my downline to get there 5 in place and teach them the process. We will only be working with the people who wants to move there business forward. We will provide you a **free system** to use that will help you in building GDI. The only other expense's besides the GDI cost is cost for your auto responder. This is optional.

All your advertising can be done with free advertising methods. We will show you how to do this and what to use.

As you can see with the GDI Income calculator below a 5x5 forced matrix can earn you \$3,900 monthly.

Building this 5x5 matrix will require **team** [Levitra Professional](#) **effort and manual changes** to your system to get the right username listed for the person who you are helping them build there GDI business.
